SENIOR WEEK EDITION

The Hatchet circulation of 5,500 is larger than that of any other College weekly publication in the United States.

The University Hatchet

Seniors Are You Going to Mount Vernon Monday?

PUBLISHED WEEKLY BY THE STUDENTS OF GEORGE WASHINGTON UNIVERSITY

Vol. 22—No. 33 Washington, D. C., Saturday, June 5, 1926 Special Edition

COMMENCEMENT WEDNESDAY NIGHT

THE GHOST, COMIC MAGAZINE, TO BE REVIVED

G. W. U. Press Club Is Granted Permission To Re-Issue Book

WAS SUPPRESSED IN 1921

Faculty is to Supervise New Magazine; First Issue in October

The Ghost is to walk again!

Many times during the past few years has this phrase been whispered about the campus, many times efforts have been made to revive George Washington University's long lost comic magazine, but they have all come to naught. On one or more occasions copies of the final issues were dug up from files and placed on sale on the campus by enterprising students, and a number were given the impression that the old ghoul was actually revivified. But it was only the ghost of "The Ghost" that they took for the real thing.

The George Washington University Press club, an organization of male journalists on a professional basis, has been granted permission by the Faculty Committee on Student Publications to revive George Washington University's famous humorous magazine which achieved such nation-wide publicity in 1921 when a number was suppressed by the Administration.

Faculty Supervision

The Club is to have full charge of the magazine for one year, under faculty supervision, at the expiration of which time the faculty has reserved the right to take the publication over under student activities if it sees fit.

The Press Club has been organized for more than a year. The present officers are Frederich Youngman, president; Howard M. Baggett, vice-president; Millard F. Ottman, secretary; Raymond H. Reed, treasurer, and Campbell Starr, business manager in charge of the Ghost. Other members are Joe D. Walstrom, Roland Lyon, Milton Dennis, Dan McGrew, Cleon Fierstone, Robert C. Albright, Henry H. James, Elbert Huber, George N. Gardner and Julian Turner.

It is planned to put the first copy of the magazine out during the month of October. The comic will be published as a bi-monthly at first, and if circulation and advertising justifies it will be made a monthly. The members of the staff, of which Fred Youngman is editor-in-chief, have already begun work on the publication.

Definite announcement as to the date of publication, the price of the magazine and other details will be made public in the fall.

Editorial Board of the Hatchet for 1926-27

Seated, left to right: Frances Randolph, Patty Ann Jamison and Marcelle Le Menager. Standing: Milton C. Dennis, Business Manager; R. Campbell Starr, Henry H. James, Howard M. Baggett, Managing Editor, and George N. Gardner. Three members of the new Board were absent when the photograph was taken. They are: Betty Armentrout, Raymond H. Reed and Millard F. Ottman.

EXAM QUESTIONS ARE STOLEN BEFORE TESTS

One Student Expelled and One Suspended Indefinitely After University Investigation

The usual excitement which surrounds examination week was augmented this year by the report of the theft and sale of examinations on the campus.

Any who may have invested found, however, that their stock had sunk way below par as the rumor reached the ears of officials of the University who immediately recalled all examinations and replaced them with others.

Two Are Apprehended

Investigation brought to light the guilty ones and as a result one student has been expelled and another suspended indefinitely. The honor committee, in charge of Prof. John R. Lapham, is still investigating the affair and action will be taken against anyone else connected with the affair.

Just how the leakage occurred has not been made public, but it is understood that the culprits "jimmied" the door of the office where the mimeographing was done and the examination questions taken. A large number of classes of the university were affected, and most of the professors had a new set of questions mimeographed or wrote their examination on the blackboard.

BACCALAUREATE TO BE DELIVERED BY PRESIDENT

The annual Baccalaureate Sermon will take place Sunday afternoon at 4 o'clock on the University Campus. President William Mather Lewis will deliver the sermon, and Dr. Z. B. Pierce will offer the invocation and the benediction.

The acadamic procession will form on the second floor of Corcoran Hall at 3.30 o'clock. Caps and gowns will be worn by the members of the graduating class.

SENIOR PROM LAST OF SOCIAL EVENTS

Grads Close Year With Big Dance in Mayflower Hotel Ballroom

ORIGINAL FAVORS GIVEN

Distinguished Members of Faculty Listed As Patrons For Annual Event

Four hundred college graduates forgot their new found dignity sufficiently to trip the light fantastic to the strains of Dick Leibert's Sangamo band at the Senior Prom held last night at the Hotel Mayflower. From ten o'clock until two in the morning the wearers of the mortar board indulged in one steps and fox trots interspersed with intermittent Charlestons and an occasional waltz for the benefit of the chaperons and to lend the proper air of pomp to the occasion.

Academic costume was appropriately furnished in the shape of miniature senior hats forming the covers of the programs and the cords carrying pencils. All present voted that the caps were most "fitting" though a bit small.

President and Mrs. William Mather Lewis headed the list of patrons for the prom, which also included Dean and Mrs. Hodgkins, Dean and Mrs. Wilbur, Dean and Miss Henning, Dean Hugh Miller, Dean and Mrs. Ruediger, Dean and Mrs. Borden, Dr. and Mrs. Oscar B. Hunter, Dr. Henry E. Kalusowski, Dean and Mrs. Van Vleck, Dean Rose, Miss Kincannon, Mr. and Mrs. Crum, Prof. and Mrs. Croissant, Mr. and Mrs. Holmes, Professor and Mrs. Kayser, Mr. and Mrs. Doyle. The chaperons were Prof. and Mrs. Lapham, Prof. and Mrs. Platt, Dr. and Mrs. Roe, Prof. and Mrs. Ames, Mr. and Mrs. Hall and Prof. and Mrs. Bolwell.

MOUNT VERNON TRIP SLATED FOR MONDAY

Seniors to Make Annual Trip to Washington Tomb; Boat Leaves At 10 O'clock

The annual pilgrimage of the senior class to Mount Vernon, the shrine of the University patron saint, George Washington, will be made on June seventh.

Mr. Huston Thompson, United States Federal Trade Commissioner, will make the principal address at the grave. Memorial wreaths will be placed on the tomb of George Washington by Gilbert Ludwig, President of the College of Engineering and on that of Martha Washington by Jeanne Gravatte, President of Teacher's College.

The boat will leave the dock at 10 a. m. on Monday morning. All seniors are expected to make the trip as well as any other students desirous of attending.

Y. W. GIRLS GO TO CAMP

Y. W. C. A. girls are week-ending at Kamp Kahlert from Friday to Sunday in celebration of the close of school, according to Elsie Talbert, president. Swimming, canoeing and tennis are the chief features of the camp.

G. W. GLEE CLUB SINGS AT KEITH'S

Will Appear at Local Theater As Added Attraction Next Week

BOB HARMON CONDUCTING

Favorite Numbers to Be Heard; Charleston Quintet to Present Stunt on Program

Completing a highly successful season in a blaze of glory, the G. W. U. Glee Club will appear at Keith's Theater every afternoon and evening next week, with Bob Harmon conducting, and Mrs. Harmon at the piano.

University students will hear the club in all the old favorites, "Heidelberg," "Dried Apple Pies" and the rest. The quartet will sing and the Charleston quintet will appear in their popular number.

Keith's Theater is advertising the Glee Club as "the most remarkable ensemble of voices ever assembled in Washington," and the Evening Star has announced the appearance of the club in very complimentary terms. The theater management was very enthusiastic about the club, and made an engagement immediately after the first tryout.

Club Appears Often

The club has carried a heavy schedule, making twenty-one public appearances of which fifteen were full concerts. Most of these were since January first. Wherever the club appeared it was enthusiastically received and commendations have poured in from all sides.

The club has also had a powerful adjunct in the "University Four," the male quartette made up of members of the club. This organization has made thirteen appearances during the year in addition to appearing before nearly all organizations of the University, and at various "Pep" meetings and fraternity houses. Usually they found it difficult to furnish the audiences with enough "encores," so popular were their receptions. The members of the "University Four" are H. F. Sonntag, first tenor; J. L. Ewin, second tenor; R. H. Harmon, first bass, and W. I. Cleveland, second bass.

Harmon is Popular Director

Director Harmon, who has directed the club for the past two years, has proven very popular with the members of the club, and is entitled to a great deal of credit for the accomplishments of the organization. In his work he has been ably assisted by Mrs. Harmon, who has rendered valuable service as accompanist and reader. Mrs. Harmon's musical monologues and other readings have been one of the most popular numbers on the Glee club programs. Manager Ewin has also served the club in an important capacity in ar-

(Continued on page 3)

CHERRY TREE IS PUT ON SALE AT THE OFFICE

The Cherry Tree, George Washington University annual, arrived about a week ago and has been on sale at the office of the Treasurer of the University ever since. Anyone who wishes a copy may get one at that place, as a few extra copies are still obtainable.

EDITORIAL BOARD IS APPOINTED FOR THE 1926 HATCHET

Eleven Are Named By Publications Committee To Serve Next Year

BOARD OFFICERS NAMED

Howard M. Baggett Re-elected Managing Editor; Milton C. Dennis New Business Manager

Eleven students have been named members of the Board of Hatchet Editors for next year by the Faculty Committee on Student Publications. Six of the editors are to serve on the board for the first time, while five of the board for the past year are to serve again.

The first meeting of the new board was held Friday night, May 28, at which time officers for the first semester of the coming year were elected. Howard M. Baggett, who has served as managing editor and chairman of the Editorial Board, was re-elected to that position. Milton Dennis, circulation manager of the Hatchet for the past year and a member of both the editorial and business staffs for the past three years, was made the new business manager. Patty Ann Jamison was elected secretary to the board, and will serve as a third representative along with the editor and business manager on the Publications Council.

Board Members

Those who were named to the new board are Betty Armentrout, Howard M. Baggett, Milton C. Dennis, George N. Gardner, Henry H. James, Patty Ann Jamison, Marcelle Le Menager, Millard Ottman, Raymond Reed, Campbell Starr, and Frances Randolph. All of the new members have been active on the Hatchet for one or more years.

The Board of Editors' method of controlling the Hatchet was an innovation here last year and has been operated successfully during the past season. Robert C. Albright was managing editor for the first semester of the past year, but was forced to resign his office when he was graduated in February. Helen Shaw was a member of the board for the second semester of the past year, but is graduating this year.

The rules as adopted by the Faculty Committee when the board was established last year provide for the selection of an Editorial Board yearly from a list submitted by the chairman of the Publications Council. The board directs the policy of the Hatchet, makes regular appointments to its staff, and regulates relations between the editorial and business departments.

Are Prominent

Of the new editors Betty Armentrout has been on the Hatchet for the past year and rose from reporter to Girls' Sport Editor. She is a member of Chi Omega fraternity, Gamma Eta Zeta girls' journalistic fraternity, and the Hour Glass Honor Society. Milton Dennis is a member of Acacia fraternity, Pi Delta Epsilon honorary journalistic fraternity, the G. W. Press Club, the G. W. Masonic Club, and has been assistant manager of track for the past year.

George N. Gardner has been a member of the Hatchet reportorial staff for the past three years, and has served as Men's Sport Editor for the past year. He is a member of Theta Upsilon Omega fraternity, Pi Delta Epsilon honorary journalistic fraternity, the G. W. Press Club, and was a sport assistant on the Cherry Tree for the past year. Patty Ann Jamison has been on the Hatchet for the past year, and she rose from reporter to Girls' Sport Editor and from that position was promoted to Assignment Editor. She is a member of Kappa Delta sorority, and has been actively connected with the Players, Fencing, Rifle, and the Cherry Tree.

Marcelle Le Menager has been a reporter on the Hatchet staff for the past two years. She is a pledge of Pi Beta Phi fraternity and a member of Gamma Eta Zeta girls' journalistic

(Continued on page 4)

SENIORS, ATTENTION

There will be an important meeting of the members of the graduating classes of all colleges Monday evening at 8 P. M., in Corcoran Hall Room 1. The purpose of this meeting is to enable all contributors to the Senior Endowment fund to sign the engraved resolution which will be presented to President Lewis. The Board of Administrators for the fund will be elected.

CONVOCATION SPEAKER

David A. Robertson

MANTLE ORATION FOR CLASS NIGHT

New Features Will be Introduced at Exercises Tuesday Evening

CLASS PRESIDENTS SPEAK

Program Includes History, Prophecy, Poem and Talk on New Endowment

A mantle oration in which a member of the Senior class representing the graduates confers the mantle of the graduating class upon a representative of the Juniors is to be a new feature of class night to be held next Tuesday in Corcoran Hall, according to Caroline West, chairman of the Class Night committee. The oration will be delivered by Harold Young, and the mantle will be conferred upon Steve Carey of next year's Senior class.

The program will be started with the entrance of the Seniors and two minute speeches by the different class presidents, George Bonebrake of Law School, Jeanne Gravatte of Teachers College, Gilbert Ludwig of Engineering, Grace Harris of Columbian College, and James Davidson of Medical School.

To Give Class History

Walter Lyons will tell the past of the class, and Lyne Smith will peer into her crystal and tell the future. The class poem is the work of Minnie Ronning, the Valedictory will be given by Ruth Williams who had the highest average in her class, and the Salutatory will be given by Sophia Waldman, who was second highest.

Gilbert Ludwig, chairman of the Graduate Endowment Committee, will tell the seniors about this new plan by which the students are planning to help the University to reach its building goal. G. W. songs and Auld Lang Syne will end the program.

$30,000 MARK PASSED IN NEW BUILDING FUND

Ground for Third Unit of George Washington University May Be Broken This Summer

The fund for the third unit of the Greater George Washington University has passed the thirty thousand mark, it was announced at the annual meeting of the Board of Trustees on Wednesday. The Building and Endowment Committee of the Board is making a strong appeal to the friends of the University for immediate contributions and it is hoped that ground for the new unit may be broken during the summer.

This building will provide a much needed library, laboratories and club-room facilities. It will occupy the corner of Twenty-first and H Streets, adjoining Corcoran Hall on the north.

ALUMNI ASSOCIATION TO GIVE SENIOR RECEPTION

The annual reception of the George Washington Alumni Association to the members of the senior class will be held today, June fifth, at 8 p. m., at the Washington Club, 17th and K Streets N. W. There will be dancing after the general reception.

As all seniors automatically become members of the Alumni Association immediately upon graduation, the reception is to welcome the new members of the Alumni Association as well as to compliment the graduating class.

NOTED EDUCATOR TO GIVE ADDRESS AT CONVOCATION

David A. Robertson of American Council on Education To Be Speaker

SIX THOUSAND EXPECTED

Four Hundred and Fifty Degrees To Be Conferred at Exercises On Wednesday

David A. Robertson, Assistant Director of the American Council on Education, will give the address upon the occasion of the one hundred and fifth commencement of George Washington University, the evening of June 9th.

Mr. Robertson, who is prominent in the educational world, was connected with the University of Chicago for a number of years in the successive capacities of student, professor and then dean, before taking up his present work with the American Council. From 1918 to 1923 he served as Secretary of the Association of American Universities.

At The Auditorium

The commencement exercises will take place at 8 o'clock Wednesday night in the Washington Auditorium. An audience of six thousand people, parents and friends of the graduates and members of official and social Washington who are interested in the work of the University, will witness the ceremonies. The Reverend James Shera Montgomery will deliver the invocation and benediction.

Approximately 450 degrees will be conferred, 270 in the Arts and Sciences Department, 120 in the Law School, and 45 in the Medical School. A few of the students who have earned degrees will receive the coveted honor "with distinction."

It is understood that several honorary degrees will be bestowed, the announcement of which, as always, is awaited with great interest.

LEWIS AND HODGKINS PYRAMID INITIATES

President and Dean and Five Student Leaders Are Elected to Honor Society

President William Mather Lewis and Dean Howard Lincoln Hodgkins, as honorary neophytes, headed the list of those initiated into Pyramid Honor Society last Wednesday night. The others were Hurd Willett, track; Gilbert Ludwig, track; Vernon Brown, basketball; Thaddeus Kiley, rifle, and Millard Ottman, publications. The initiation was concluded with a banquet at the University Club.

Greater emphasis upon the minor sports, rather than on the sports termed major sports, as a means of providing better opportunity for individual recreation in the post-college life, was urged by President Lewis, speaking at the banquet, pointing out where student activities could be of the greatest benefit to the student.

Among the other speakers of the evening were Dean Hodgkins, Dean Wm. C. Van Vleck, Prof. Henry Grattan Doyle, Dr. Daniel LeRay Borden and "Professor" Robert H. McNeil, of Colgate, former editor of the Hatchet, and president of Pyramid. Prof. Gilbert Hall acted as toastmaster.

At the election of officers held earlier in the evening, Henry James was made president, Harold Young, vice president, and Vernon Brown, secretary-treasurer. Walter Stokes was the retiring president.

The Pyramid Society will be out in force Tuesday afternoon when it plays the Faculty baseball team on Monument Lot No. 1, promptly at two o'clock in the afternoon. Warning has been given the Faculty that a strong team will be in the field which will, it is hoped, successfully prevent a repetition of the victory scored by the Faculty last year.

Pyramid is limited to men who have maintained excellent scholarship and have distinguished themselves in the advancement of student activities throughout three years of attendance at the University. The society was founded in 1909 and its membership is limited to ten men annually. Elections to membership are held in the fall and spring.

TEXAS ALUMNI DINE

George Washington University Alumni Associations in Texas and Arkansas gave a dinner in the honor of Prof. Vance, former Dean of George Washington University Law School at Texarkana, Texas, recently.

SENIOR EDITION

This special Senior Edition of the Hatchet is intended to continue the policy of the Hatchet in publishing a grand final number giving a summary of the year's work and the activities of Senior week. This issue had to be gotten together on short notice this year as it was not a part of the regular program and a special appropriation to cover it was not passed until a few days ago. It is hoped, however, that the practice of the past two years, where the new Editorial Board gets out the special edition, will be continued as a regular part of the year's program in the future.

THE GLEE CLUBS

As a climax to a very active and successful season the Men's Glee Club is to appear twice daily at B. F. Keith's Theater next week, having a prominent place on the program. The managers at Keith's are enthusiastic over the club and arranged a special date for their act after the one originally contemplated had to be set aside because of examinations at George Washington.

The Club is to be congratulated for their work during the past season. Perhaps no other organization of the University has done more to advertise George Washington University. Credit is due the Director, Mr. Robert Harmon, to Mrs. Harmon, the accompanist, and to more than forty faithful members.

The Women's Choral Society, under the direction of Miss Estelle Wentworth, has also done excellent work and deserves mention along with the men's organization. The Club recently concluded a very successful engagement at the Rialto Theater and has given a large number of concerts throughout the year.

A LITERARY MAGAZINE SUBSTITUTE

An article in the Epsilog, national publication of Pi Delta Epsilon, the national men's honorary journalistic fraternity, concerning the manner in which the Daily Californian of the University of California has solved the problem of publishing and financing a purely literary magazine is worthy of serious consideration here. This newspaper has inaugurated the practice of running a literary supplement as an insert to their paper at bimonthly intervals. This enables them to present student literary effort in the form of short stories, poems, play reviews, book reviews and the like. This problem has vexed a number of colleges for a long time. Several attempts have been made to publish a literary magazine at George Washington University, but no effort of this sort has been produced in recent years. This idea would give the student interested in this sort of work an outlet for his effort and would encourage undergraduate literary work. It would also give the Hatchet a feature that has been lacking for a long time.

A PARTING SHOT

The attention of a number of editorials in the Hatchet, as well as editorial and satirical matter in the Razz Berry and the Petticoat, has been directed toward the Administration of the University advocating the establishment of more courses in the field of Journalism here with the ultimate establishment of a School of Journalism the aim. We are again bringing this question before the Administrators of George Washington University with the hope that a slight enlargement of the work offered in this field may be included in the schedule for next year.

WE ARE THE UNIVERSITY

All asseverations to the contrary, this is a growing university. We have new buildings with the prospect of still greater construction activity; the roster of students is rapidly lengthening; our football and rifle teams have gained recognition and success against some of the strongest teams in the country, and our faculty compares favorably with that of any university.

And yet, George Washington University can never, despite all its quickening growth, exceed the intensity with which its men and women desire that growth. You and I determine the future of this, our University; it's ours, ours by every right, ours to make or break. G. W. U. lives only in our interest, rests solely on our energy, relies for its very existence on our love for it. You and I are George Washington University; it's as much a part of ourselves as our home, as important to us as home environment.

You and I are George Washington University; what are we going to do with ourselves?

We can't quote our invitation in this place or the little old church around the corner would be packed to overflowing, so we modify it, the invitation, to read Mr. and Mrs. William S. Ryon announce the wedding of their daughter, Mildred, to Doctor William Suit Ritchie (P. S. Late of the Medical School), to take place on Tuesday, June 15th, at eight o'clock in the evening, at Epiphany church, Forestville, Maryland.

President and Mrs. William Mather Lewis have been entertaining extensively during the last weeks of the school year in honor of various groups. On Saturday, May 22, a large number of prominent women students were entertained at tea at the Lewis home in Georgetown, and on Tuesday following the presidents of the Senior classes were guests at dinner. The annual reception to the members of the senior classes will be tendered on the afternoon of June 9th, at the Washington Club.

Sigma Phi Epsilon entertained last Saturday night with an informal dance at the House on Connecticut Avenue. By unanimous consent, this party has been called the best given by the fraternity this year!

Mrs. William Cline Borden, wife of the Dean of George Washington Medical College, was hostess at a tea Friday afternoon at her home on Tracy Place, having as guests the graduates of the Nurses School.

Just ask any Chi Omega how she likes giving June dances and see what she says—. Helen Hall's family have surely won a lasting name as the best sports in the world, though.

George Van Dauschenhausen's famous farm will be the scene of another gay party Sunday, to be given this time by Gate and Key, honor fraternity. The only dope obtainable on it seems to be—that it will be an all-day affair.

Miss Dorothy Patton, an ex-student of George Washington, and a member of Alpha Delta Pi Sorority, became the bride of S. R. Sauer, of Chicago, on Wednesday afternoon in the chapel of the U. S. Naval Academy. Numbered among the bride's attendants were Misses Eleanor Spellman, Dorothy Matz, Helen Meeks, Amelia Moore and Margaret Maize.

Mrs. William Carl Ruediger entertained Wednesday with a reception in honor of the members of the graduating class of Teachers' College, of which her husband is the dean.

Among those leaving shortly for tours of Europe and other countries, are Betty Bradford, Dorothy Dougherty, Jeanne Gravatte and Caroline West.

The Kappa Sigma's are planning a most delightful June formal, to be given at the Manor Club on Monday night, and rumors of attractive compacts for the girls, are abroad.

We understand the Sigma Chi brothers are falling thick and fast with two marriage announcements in one week! Bob Pollock and Quincy Adams have both stepped off recently.

Miss Betty Brandenburg has issued cards for a bridge party on Tuesday June 8th, in honor of Miss Helen Periam, who is returning to her home in New York, following graduation.

Miss Sophia Waldman is being much entertained, preceding her wedding to Granville Brumbaugh, which will take place on June 13th, being honor guest at a handkerchief shower given by Mary Virginia Leckie, and again at a shower at the home of Dorothy Haddox in Silver Spring, Md.

The Sigma Nu's are entertaining with their last dance of the school year on Monday night at the chapter house on N street. The usual peppy dance is to be expected.

Pi Phi's last dance will be given on Friday night, June 11th, at the country home of Annabelle Lloyd, which is located nearby.

Among those attending the Chi Omega convention at Mackinac Island, Michigan, June 19th to 25th, are Margaret Schwartz, chapter delegate; Betty Brandenburg, Ruth Hutchison, Ted Seibold, Frances de Grange, Louise Espey, Irma Baulsir and Elsie Talbert.

The T. U. O. boys are planning a hot dance for Tuesday, June 8, at their chapter house on Q Street.

BREWSTER TABULATING ACTIVITIES OF ALUMNI

The Alumni department of the University, under the direction of Mr. Vernon Brewster, secretary of the Alumni Association, is sending record cards to all students who are graduating, asking that they fill in a record of their activity at the University. The cards are red, about five by eight inches in size, and will also ask for the permanent address of the graduate and the names of two people of the University with whom he has been intimately acquainted in order that a mailing address might be obtained if the graduate was lost track of. It is thought that this record will give the University a complete file on all graduates, thus supplementing the present system of keeping their scholastic attainments only.

Many Prizes to be Presented at Graduation on Wednesday

Winners Not To Be Announced Until Day of Graduation; Many Examinations and Contests Have Been Held

Prize awards for Arts and Sciences will be announced at graduation as follows:

Ruggles Prizes, for excellence in Mathematics, first and second. Daughters of American Revolution Prize offered by the chapters in the District of Columbia to members of the Graduation Class for high standing in History and for essays on an assigned topic in American History.

Thomas F. Walsh Prize, awarded to the candidate for graduation, who having maintained a high standard of scholarship in History, produces the best essay on a designated period in the history of England.

E. K. Cutter Prize, awarded for excellence in English. Willie E. Fitch Prize, for highest excellence in all branches of Chemistry. Gardner E. Hubbard Prize, awarded to candidate for graduation who has maintained during four years high standing in American History and produces the best essay touching some assigned period in American History.

Deitzgen Prize for excellence in Machine drawing, first and second prize. Goddard Prize for excellence in French.

Alexander Wilbourne Weddell Prize, awarded for the best essay on the general subject of the promotion of peace among the nations of the world, first prize and honorable mention.

Goddard Medal for excellence in Commerce. Engineering Society Prize for the best student paper presented before the Society. Alchemists Prize in Chemistry. Dietzgen Prize awarded to the Freshman maintaining the highest standing in Architectural Drawing.

Muth Prize, awarded to that student who makes the highest record in Freshman Mechanical Drawing. Sigma Kappa Prize in English, awarded to that member of the Freshman Class who passes the best special examination in English Rhetoric.

Colonial Dames Prize, awarded for excellence in American Colonial History. Genevieve Chatterton Mc-Cutchins Prize, awarded annually for the best essays on subjects related to Archaeology or Painting, with special reference to Contemporary Art—first and second prize. Alpha Delta Pi Prize for excellence in third year French. Chi Omega Prize in Sociology. Livingston Prize for the highest average in Machine Design. Arthur Heaton Prizes for highest grades in Architectural Design, first and second.

Phi Sigma Prize in Chemistry. Sigma Kappa Prize in Chemistry. Delta Zeta Prize in Botany.

Law School awards will be: John B. Larner Gold Medal, awards to that member of the graduating class who shall have attained the highest average grade in the entire course for degree of Bachelor of Laws.

Herrick Prize awarded to that member of the graduating class, excepting the winner of the gold medal, who shall have attained the highest grade in the entire works of the third year.

Ellsworth Prize awarded for best work done in Patent Law Course.

Medical School Prizes as follows: Ordroneaux Prize, awarded to that member of the graduating class maintaining the highest average—first prize and honorable mention.

Ordroneaux Prize, awarded to the highest average during the first three years. Prize in Military Science—School of Pharmacy. Goddard Prize in Pharmacy for student activities.

Delta Tau Delta Medal, awarded annually by Gamma Eta Chapter of Delta Tau Delta Fraternity to that member of the Senior Class who, throughout his course at George Washington University has done the most constructive work in furtherance and upbuilding of the University student activities.

Pi Beta Phi Medal, awarded annually to that member of the Senior Class who during his four years has done the most to promote activities. Four Year Activity Cup, Women's G. W. Club.

NEW FACES APPEAR IN G. W. U. FACULTY

New Men Are Added in Several Departments; Several Men Receive Promotions

The coming academic year will usher in numerous changes in the faculty. New faces will be seen on the campus and in the class room, a few familiar faces will have disappeared and a number of faculty members will have changes in title.

Among the list of faculty changes announced to date are the following: Dr. Edwin A. Hill, to be professor of chemistry; Paul H. Brattain, to be assistant professor of chemical engineering, to take effect immediately; Arthur F. Johnson, to be associate professor of mechanical drawing; Norman B. Ames, to be associate professor of electrical engineering; Dr. Warren Reed West, to be assistant professor of political science; Dr. John A. Tillema, to be assistant professor of political science, and Alan Delbert, to be assistant professor in romance languages. These changes are promotions in all instances, and are to take effect on September 1.

Arts Faculty Additions

It was further announced that the additions to the faculty of arts and sciences would be made as follows: To be instructor in economics and commerce, Forest A. Young, of the graduate studies department of Chicago University, a former student in London University, England, for two years instructor in the Assuit College of Egypt, and for two years lecturer at Chicago University in the Chicago Daily News lecture courses; to be assistant professor in public speaking, George Farnham, graduate of the University of Iowa, Yale University, and Northwestern University, and instructor and professor of public speaking at Colorado State Teachers' College; to be lecturer in education, Dr. Mary Dabney Davis, of the U. S. Bureau of Education; to be lecturer in home economics on textiles, Mrs. Blanche E. Hyde.

These faculty changes and appointments were ratified by the Board of Trustees of the University at their meeting recently. Additional changes and faculty increases will be announced for other departments in the future.

GIRLS' LETTER CLUB GIVES ANNUAL BANQUET

The annual Girls' G. W. Club banquet, given in honor of the new members of the club, was held Thursday night, June 3, in the Chi Omega Fraternity rooms. Miss Rose, Dean of Women, and Miss Hopkins, Director of Girls' Athletics in the University, were guests of honor at the banquet.

A novel program was offered after which the G. W. Athletic Cup, given yearly to that girl of the Senior class who has had the most noteworthy record in athletics, was presented to Alice Haines, who has been the president of the club for the past year.

FORMER G. W. U. INTERNE HEAD OF CHINA COLLEGE

Dr. Pak Chue Chan, a graduate of the George Washington University, class of 1923, has been elected to the presidency of Kwang Wah Medical College, Canton, China, and will also serve as Surgeon-in-chief of the College Hospital. Dr. Chan recently returned to China after serving as an interne for one year in the George Washington University Hospital.

SUMMER LAW COURSES WILL BEGIN ON JUNE 14

First, Second and Third Year Courses Are Offered in The Two Sessions

The Summer School for Law will cover a period of thirteen weeks, divided into two sessions of six and one-half weeks each. Classes in the first session begin Monday, June 14, and end Saturday, July 24. Examinations will be held September 9, 10 and 11. Students may register for one or both sessions, but should do so by the opening date of each session.

The courses for instruction in the first session cover first, second and third-year subjects. Those for the first year are Agency, Personal Property and Principles of Legal Liability. The second and third-year subjects are Agency, Equity III, Evidence, Quasi-Contracts and Wills.

In the second session Common Law Actions and Domestic Relations are offered as first-year subjects, with Domestic Relations, Damages, Code and Equity Pleading, Corporations, and Trusts as second and third-year subjects.

Four semester credits are given Evidence, Corporations and Trusts; all the others have two.

Further information may be obtained from the general office in the Law School.

FACULTY MEMBERS BUSY THIS SUMMER

G. W. U. Professors Spending Vacations Teaching, Traveling and Writing

LEWIS MAKES ADDRESSES

President of University to Make Commencement Addresses At Various Schools

As the school year closes, many members of the George Washington faculty are making extensive plans for the summer. Several well-known professors are going to Europe, where they hope to collect materials and gather data for books, to write, and to study.

President Lewis will go to Winchester, Virginia, on June 10, to deliver the first of a series of commencement addresses. He will speak to the graduates at Petersburg, Virginia, on June 11, and from there will go to Northwestern Military Academy at Lake Geneva, Wisconsin, where on June 14 he will deliver an address. The last of his addresses will be given on June 16 at Polytechnical Institute at Brooklyn, New York. President Lewis intends to divide the rest of his time between Washington and Colebrook, Connecticut.

On July 5 Dean Reudiger will go to Cornell where he will teach Education.

Dr. Hill Goes Abroad

Professor Hill has been chosen as one of several international law professors in the United States to tour Europe this summer in the interest of international peace. They are being sent by the administrators of the Carnegie Endowment for International Peace.

"The Diplomatic History of the United States" is the name of the new book which Professor Bemis expects to start working on this summer. He is general editor of the set of books on "American Secretaries of State and their Diplomacy" which is soon to be published. The biographies of Jefferson and Jay in this work are the personal work of Professor Bemis.

Mrs. Mitchell Carroll left last week for an extended tour of Europe, where she will carry on archaeological research.

Coach Crum will spend the next three months at his home in Derry, Pennsylvania.

Professor Bartsch will spend the summer in Florida where he is carrying on experiments in insect life.

Professor Doyle will complete preparation of two Spanish text books for school use. He will teach in summer school.

Professor Michaelson will spend the summer among the Indian tribes on western reservations, gathering scientific data with relation to their culture, folk lore and traditions.

SPORTS

SUCCESS IN MEN'S ATHLETICS MARKS SCHOLASTIC YEAR

All Branches of Men's Sports Enjoy Highly Successful Season

INSTALL ONE-YEAR RULE

Showing Made By Football, Basketball, and Rifle Teams Stand Out as Best

By CAMPBELL STARR

Men's sports at George Washington during the past school year have taken huge strides forward, under the able guidance of the coaching staff. All phases of athletic endeavor enjoyed highly successful seasons.

The football season, which closed on Thanksgiving Day, may well be considered as the most successful in the annals of the University. Seldom has George Washington been represented by a team of such power and drive, and Coach Crum is to be congratulated upon the success of his eleven. With but two veterans of last year's squad out for practice, Crum developed one of the most formidable teams ever turned out in Washington, which played a ten-game schedule, and lost on only two occasions.

The opening game was played against Blue Ridge College at the Central High School Stadium on September 26. George Washington swamped the visitors by a score of 45-0. The following Saturday, October 3, the Buff and Blue eleven tackled Juniata College. The Pennsylvanians suffered a 32-0 setback at the hands of Crum's powerful machine.

Lose to Catholic U.

The climax of the season came on Thanksgiving Day, when the Crummen stacked up against their old rival, Catholic University. The Buff and Blue team had been pointing toward this battle, and with the odds against them, put up a wonderful game. The result of the affair was obvious after the first quarter, for in the second period the superior weight and reserve strength of the Brooklanders began to tell, and from that time on it was simply a question of what the difference in score would be. The Maroon and Black eleven won, 20-0.

The outlook for next year is quite rosy. It is expected that most of the members of this year's team will be out, thus giving the coach a better nucius from which to build his machine.

At the annual football banquet, held at the Lafayette Hotel December 4, Henry Sapp, star quarterback of the regular squad, was chosen to lead next year's football team. J. Burch Tennyson was elected manager of the 1926 eleven.

To Install "One-Year Rule"

Adoption of the "one-year rule," effective for all sports, beginning in the fall of 1927, was definitely passed upon by the Athletic Council in March. The rule is to be delayed for another year in order to give the athletic director a chance to work up sufficient veteran material by the installation of compulsory gymnastics for freshmen, with work on the school team credited as gym work.

The basketball squad finished up a season which, while not very convincing from the standpoint of the number of games won, was very creditable. Winning five out of the fourteen games played, the team turned in several wonderful performances, losing only to the leading teams of the East. Princeton, Lafayette, Pittsburgh and Dickinson took the measure of the Hatchetites. The Buff and Blue also lost to Catholic University. Johns Hopkins, Richmond, West Virginia, Duke, and William and Mary were defeated by the Crum-Lemon quintet.

Win Rifle Intercollegiates

The Men's Varsity Rifle team, true to its usual form, won the Eastern Intercollegiate Championship in a 12-team shoulder-to-shoulder match shot in Brooklyn, N. Y. The Stokesmen scored 1913 x 2000, twenty-nine points better than their nearest rival, the University of Minnesota, with a score of 1884. The team also had a successful telegraphic season, taking second in the Middle Atlantic matches. In the annual outdoor intercollegiate match held at the Naval Academy, May 15, George Washington's first and second teams finished third and eighth respectively, being beaten only by the two Navy teams; 30 caliber rifles were used in this match.

H. E. Riley was named as captain, and John A. Plugge was chosen manager for next year's team.

Cross-country track, in its first season at G. W., made a creditable showing. The harriers tied William and Mary, and lost to Maryland and the Navy by narrow margins. The third annual inter-class meet held April 17, brought out numerous competitors, and served to increase the interest shown in track. The Men's G. W. Club sponsored the event. Three regular meets were entered by the Varsity, those with the Naval Academy, Catholic University and William and Mary.

Tennis Team Successful

The Tennis team, laboring under the handicap of a small appropriation, made a wonderful record for itself in defeating St. John's College and Catholic University, the only two teams scheduled.

Considerable interest was manifest in spring football practice, instituted for the first time at G. W. Many veterans turned out, as well as several new men.

The Intra-Mural baseball series, played in the spring, resulted in increased interest in the diamond game, and it is hoped that George Washington will be able to put a Varsity team on the field next year.

GIRLS' RIFLE TEAM COMPLETES SEASON

Win All But Two of Schedule Matches; Again Placed Second In N. R. A. Shoot

The Girls' Rifle team has just completed a very successful season. The team scheduled some of the best teams in the country and won all but two of the matches.

The scores of the individual matches are: G. W., 500, U. of West Virginia, 495; the scores for last year were 499 and 484, respectively; G. W., 499, U. of Delaware, 484; G. W., 500, U. of Vermont, not announced; G. W., 495, Cornell, not announced; G. W., 498, Maryland, 496, Drexel, 494. The triple shoot last year resulted in scores of 500, 492, 491, respectively.

In the N. R. A. match this year, G. W. placed second with a score of 2970. U. of Maryland took the match with a total of 2986, while U. of Washington was third with a count of 2965. Last year the results were, U. of Washington, 2798, G. W., 2771, U. of Maryland, 2561.

The inter-class match held this spring for all beginners ended in victory for Frances Heid, of the freshman class. Elsie Talbert was winner of the junior class and Eileen Phillips of the sophomore class.

Lose Two By Graduation

Only two of the regular team are lost by graduation, and prospects for a good team next year are very bright. The five assistant managers, Alice Williams, Elsie Talbert, Marjorie Folsom, Esther Iglehart, and Frances Heid will also be back next year.

The girls who have received their letters are Waldman, captain, Taylor, Huntzberger, Vaiden, Fries, Shoemaker, Kilpatrick, manager.

Minor letters will be awarded to Jamison, Garber, Prentiss and Theis.

For the first time in the history of rifle, a freshman has had the highest average. Betsey Fries had an average for all the matches of 99.1. This is also one of the highest averages which has ever been made for a season. Ermyntrude Vaiden came second in average, scoring a fraction of a point below that of 99.1.

SENIOR RING SALE GOES ON STEADILY

Special Display of Rings To Be Made Before Baccalaureate Sermon On June 5

Sale of senior rings has been going on steadily since contracts were signed with Auld's Incorporated, 225 North Fourth street, Columbus, Ohio, accepting their design as the official seal of the class of 1926. Sales by the committee were discontinued shortly before examinations, but arrangements have been made to have a special display on Sunday, June 6, just before Baccalaureate Sermon for those still wishing to obtain a ring.

None of the orders have yet been filled, but the committee expects them all to arrive before commencement. Anyone wishing to order directly from the company is permitted to do so according to Alice Haines, chairman of the committee. The rings may be obtained in dull or polished finish, green, yellow or white gold, in the following prices:

Genuine garnet, men, $20.50, ladies, $15.50; genuine topaz, men, $20.50, ladies, $15.50; synthetic ruby, men, $18.50, ladies, $13.50; New Zealand Jade, men, $15.50, ladies, $10.50; Onyx, men, $15.50, ladies, $10.50; Sapphire, men, $15.50, ladies, $10.50; Sardonyx, men, $15.50, ladies, $10.50; Tourmaline, men, $15.50, ladies, $10.50; Imitation Ruby, men, $15.50, ladies $10.50.

A deposit of $1.00 is required, and the rest of the money may be collected "C. O. D." Initials may be engraved free of charge. Any student with over 60 hours' credit is permitted to order, giving the class numerals he desires.

G. W. GLEE CLUB SINGS AT KEITH'S

(Continued from Page 1.)

ranging for the schedule of concerts during the year.

The membership of the club is as follows: Faculty adviser, Prof. J. R. Lapham; director, Robert H. Harmon; accompanist, Grace R. Harmon.

First tenors: R. Ferguson, R. Harris, Wm. Hill, H. Klinge, H. Sonntag, W. Wondrack.

Second tenors: W. C. Butler, Jr., N. Conner, Wm. Evans, J. Fleck, J. Ewin, R. Gessford, J. Mendelson, J. Miller, R. McKnight, E. Nalls, L. Robinson, H. Weihe, J. T. White.

Baritones: H. Cheyney, R. Cushman, C. Fierstone, H. L. Foster, P. Gable, J. Hayes, V. Koch, S. Lamar, R. Marquis, J. May, H. Mayer, C. Moore, W. R. Ogg, J. Poole, G. Saegmuller, F. Stevens.

Basses: W. I. Cleveland, A. D. Cooper, C. J. Denicke, A. I. Haskarl, V. Kanable, J. Kelley, J. Marquis, T. Marshall, W. Monroe, D. L. Weikert, N. Kossow, J. Edgerton.

Individual performers: Organist and pianist, Paul Gable; banjoists, Ben Cain, Jr., and Eugene Sweeney; Soloists, violin, Herman Weihe; vocal, Robert Ferguson, Earl Nalls, H. Sonntag. Charleston number, C. Denicke, W. Hill, H. Klinge, J. Marquis, G. Saegmuller.

Summary of Track Season Shows Marked Success and Progress

Harriers and Trackmen Make Creditable Showing in Meets; Cross-Country Added as New Sport; Installation of One-Year Rule Makes Prospects Bright

By DOMY DOMIGAN

A resume of the year shows that, in addition to the fact that a new sport was added at G. W. unprecedented success was enjoyed in the old. This is doubly true about track when we consider that cross-country was also added as one of the local sports. The idea was conceived last fall by Captain-elect Shipley of the track team and it was decided that the boys would profit by the work if such a team were organized. Being as yet an untried sport, the venture was started as a side line of track and incidentally was forced to flourish on the organization and appropriation of the track team.

As soon as it was evident that the material on hand insured the team of a certain measure of success, it was decided that in order that the sport should come to be regarded as entirely separate and distinct from track, a reorganization should be effected. Hurd Willett was elected Captain, Coach Probey assumed the added coaching burden and George Martin continued as Manager.

The success of the season was largely due to the achievements of Captain Willett and Shipley. Meets with the Navy and Maryland were lost, and William and Mary was tied because there were not sufficient men available to present a balanced five-man team.

But the scores against so formidable opponents were by no means discouraging and this success, coupled with the monopoly of the G. W. stars in capturing first places in the local distance runs, led the athletic council to recognize cross-country as a distinct sport and award the five members of the team with their G. W.

This was necessary for the development and continued interest of the sport and a reorganization was effected for next year as entirely separate from track with Domigan as captain and Benzing as manager.

As spring came, the boys gave up their longer distance work in favor of track. Captain-Elect Shipley had withdrawn from school for the semester and it was necessary to elect a new captain. Johnny Loehler, star field man of the previous year, was the popular choice and immediately began work in conjunction with Coach Probey and Manager Martin to get the boys in shape and arrange a satisfactory schedule.

Ex-Captain Tolson, though unable to compete, worked out with the boys and proved an able instructor. The indoor facilities were insufficient to meet training needs and a late season made the non-existence of an outdor track of our own a still greater handicap.

Consequently, the G. W. team invaded William and Mary on May 3 with several of the boys unable to make the trip because of inability to get leave and a number of the participants not having had any outdoor training. Consequently G. W. lost out to the Indians but the score was close enough to be anything but discouraging.

The Inter-class Meet, Navy, Catholic U. and Gallaudet were scheduled at the end of the season but lack of appropriation made the scheduling of other foes impossible.

The Interclass Meet met with the usual success of a May Day frolic and several new records were set to add spice to the affair. Aaronson, Kieferle, Domigan and Wardwell copped the cup and respective medals for high point men in the open events while Baggett and Popham tied for high honors in the closed.

Navy ran up a large score at Anapolis but they had to fight for all their points. The brilliant performance of Captain Loehler featured the meet.

The following week, Catholic U. nosed us out by a two-point margin on some decisions that seemed quite unfair, and the disappointment was all the keener because of the absence of two or three point winners who could have turned the meet.

The Gallaudet meet, staged for annual possession of the trophy cup, did not take place. The local team held to their right in demanding the Inter-Collegiate schedule of events but the quiet boys submitted a proposed list of events, apparently eliminating those in which we excelled. Since a satisfactory agreement could not be reached, the meet was cancelled.

With the season thus ended, awards have been made to Captain Loehler, Aaronson, Willett and Popham. A captain and manager are yet to be elected; the captain will almost certainly be picked from the above named group; Dennis is unopposed for manager.

The installation of the one-year rule makes prospects for next year largely dependent upon the number of the present team that return. But if track maintains and furthers the policy of other athletic teams and continues to build its schedule primarily in view of the athletic development of G. W., numerical ratings will be inadequate to measure the true success of the season.

GIRLS' NET TEAM WINS TWO TILTS

G. W. Girls Overwhelm Fredericksburg Normal and William and Mary

FRANCES WALKER STARS

Spring Season Closes with the Buff and Blue Winner in All Matches

The G. W. Girls' Tennis team journeyed down to William and Mary College at Williamsburg, Virginia and to Fredericksburg Normal School at Fredericksburg, Virginia, on May 21 and 22, easily took all the contests staged with these southern schools. Those representing the Buff and Blue were Frances Walker, Marie Didden, manager, Miriam Davis, Leah Cate, Alys Ewers, Elizabeth Garber, and Edith Jones.

The girls played single sets with both schools and Walker, Ewers, Garber and Didden easily outclassed their opponents in all the singles staged with the Normal School girls, while Walker and Garber, and Jones and Cate in double matches won by large scores over their opponents at Fredericksburg.

In the William and Mary court tilt, the G. W. girls, playing three single and two double contests, brought laurels to George Washington as they came out overwhelmingly victorious over the Indianettes, scoring 5 to 0.

Scores of the Fredericksburg match are: Walker defeated Everette 6-2, 6-0; Ewers defeated Johnson 6-3, 6-3; Davis defeated Smith 6-0, 6-2; Walker and Garber defeated Everette and Peters 6-0, 6-2; Jones and Cate defeated Fox and Spielman 6-3, 6-3.

William and Mary match scores: Walker defeated Osmond 6-0, 6-3; Ewers defeated Moody 1-6, 7-5, 6-4; Davis defeated Flemp 6-2, 6-2; Walker and Garber defeated Tanner and Wilkins 6-3, 2-6, 6-1; Cate and Didden defeated MacDaniels and Whitehead 6-1, 2-6, 6-3.

PHI SIGMA SORORITY TO GO ALPHA DELTA THETA

Phi Sigma, well-known local sorority founded on the campus January 1, 1921, has successfully petitioned Alpha Delta Theta national fraternity. Installation of the local body as a chapter of the national will take place June 13. Pauline Babp is president of the local body.

DATES OF N. R. A. MATCHES ARE SET

Schedules For Both Men And Women Riflers Are Arranged

NEW LEAGUES FORMED

Thirty-Seven Schools Included In Five Inter-Collegiate Rifle Leagues

Dates for the National Rifle Association matches with both G. W. gunmen and women have already been set according to a recent letter received by Walter Stokes, coach of both teams. Matches for the men's team will be fired between Monday, February 21, 1927, and Saturday, March 12, 1927. The women's team targets must be fired by March 26, 1927, with the 7th of March as starting point. Both the schedules will be built around these slates. Practice for men is announced as beginning October 15, with the women's team probably getting on the firing line sometime in November.

The National Rifle Association announces the complete organization of the following Inter-collegiate Rifle Leagues, including 37 schools in all:

1. Big Ten League.
2. New England States.
3. Appalachian States.
4. Eastern States.
5. Middle States.

Efforts are well under way to organize West Coast, Rocky Mountain, Missouri Valley Conference and Southern Conference Leagues, thus completing national organization of college rifle teams.

George Washington will be in the Middle States League and matched against University of Pennsylvania, Georgetown, V. P. I., University of Maryland, Naval Academy, University of Delaware, and William and Mary.

HERRICK WILL SPEAK AT PHI DELT SMOKER

Samuel Herrick, former president of the George Washington University Alumni Association, and a well-known District of Columbia attorney, is scheduled to speak at a smoker to be given by Phi Delta Phi Fraternity at the University Club Friday, June 11, at eight o'clock.

Prof. Gilbert L. Hall, of the George Washington University Law School, and present head of the Alumni Association will also be present.

EVENING STUDENTS TO SHARE GIRLS' SPORTS

Permanent Gym Work is Established For All Night Students Interested in Work

Evening students are obtaining a large share of recognition in plans for next seasons women's sports. Gym classes, basketball, swimming, possibly rifle, and fencing are to include night workouts for their special benefit.

Next year's catalogue announces the establishment of permanent gym classes for all those interested and Virginia Hopkins, director of Women's Physical Education, urges all women interested to sign up with her when registering in the fall. Miss Hopkins is anxious to begin this new branch of work, and she states, feels positive many night students are eager to cooperate with her.

Basketball Liked

Basketball, one of the chief interests of part-time students, due to the necessity of night practice, is to begin earlier and last longer according to the schedule. It will include an extension of interclass workouts to enable all students interested to be active in court work.

The swimming schedule, as practically completed, includes at least two periods a week, instead of last year's one-hour a week, for the evening aquatic fans. Membership on the team to be made up from the most experienced mer-women will be extended to night students as well. Rumor that swimming may be made a letter sport adds interest to this statement.

Rifle may also be included in the list of evening events if plans now being made can be completed. Both Katherine Shoemaker, captain of next year's team, and Walter Stokes, coach, hope to add these practice periods, as this may bring increased material for their firing squads. Fencing classes, a special attraction for night students, will be continued to complete the list of opportunities for the sport seekers among the part-time students.

GIRLS' SWIMMING TO BECOME ACTIVE SPORT

Increased Appropriation to Enable Team to be Trained For Inter-Collegiate Competition

The appropriation which has been made for girls' swimming will enable that sport to become one of the most prominent activities of the University next year. Not only will an inter-class meet be held, but a team will be trained to compete in the inter-collegiate meets.

Practice is to be held six times a week beginning March 1, 1927, probably at the Y. W. C. A. pool, 614 E St. N. W. One of these periods will be devoted entirely to life-saving work, one to the instruction of beginners, and the remainder to the advanced and intermediate swimmers. The student assistant plan which has worked so well in other universities, is to be given a trial.

Swimming proved to be the most popular sport among the university women last year, 150 students turning out for it. The classes for the beginners seemed to be more crowded, although many girls qualified for the advanced and intermediate groups.

CATE LEADS WOMEN'S SPRING SPORT EVENTS

Ruth Jackson, Winner of Interclass Cup, Second by Five Point Margin

Athletic points for women's fencing, track, beginners tennis and tennis matches, show Jimmie Cate leading with a total of 46 points since April 27, when the athletic cup was presented. Ruth Jackson, winner of the cup, holds second place with 41 points. Results of the doubles tournament have not been included and will be applied on next fall's booking.

Leaders in spring sports are as follows:

1.	"Jimmie" Cate	46
2.	Ruth Jackson	41
3.	Frances Walker	36
4.	Elizabeth Garber	30
5.	E. Zimmerman	25½
6.	Miriam Davis	24
	Julia Denning	24
	Alys Ewers	24
7.	Christine Stewart	21½
	Verna Perry	21½
8.	Frances Knowlton	20

Points were given in track for only those who placed. Any participant may be recorded for points, however, by seeing Miss Hopkins at once. It is also announced that any questions or complaints concerning places will be gladly received by Miss Hopkins.

MRS. LEWIS GIVES TEA TO OUTSTANDING GIRLS

Mrs. William Mather Lewis entertained the most outstanding girls on the campus at a very delightful tea at her home on N Street on May 22, from four to six o'clock. The list of invited guests included those girls whose scholarship had been unusually high and those who had really accomplished something of worth at the university during the past year.

WOMEN'S SPORTS PLANS OUTLINED FOR NEXT SEASON

Miss Hopkins Announces Plans For Enlarged Activities in Girls' Athletics

URGE ALL TO TAKE PART

New Plan is Designed to "Eliminate Elimination" of Girl Athletes

By PATTY ANN JAMISON

Plans for a bigger and better women's sport season for next year are already well under way, according to Virginia Hopkins, who, after successful work with organizing girls' athletics, will fill the post of Physical Education Director for the 1926-27 season. No athletics will be carried on in summer school it is announced, but with an increased budget for women's sports, passed recently by the Athletic Council, an extraordinarily brilliant season will begin with the opening of school next fall.

September's catalog announces required gym attendance for all freshmen, two hours a week to be devoted to workouts on the floor with the other hour to be given to a study of Hygiene. Advanced classes in dancing are also announced as well as evening classes in gymnasium work.

Students to Coach

A new system of instruction is to be installed in all branches of sports. Students prominent on various teams will be delegated to the charge of groups interested in that sport, and basketball team members, according to this system, will be made student instructors in inter-class tosses. Rifle team members will also be in charge of coaching amateur gun-women and hockey members will be delegated to similar groups on the fall field. This will relieve the pressure of training in every branch of women's sports, and will, according to the administration's plans, get athletics to cover a much wider field.

President Lewis' plan for sports for everyone will be further carried out in inter-class basketball, which, with tennis, rifle and hockey, will top the sports calendar for the opening of school. The interclass season is booked to begin earlier and last longer than last season's schedule. As many teams will be organized as there are girls out for each sport. "For example," states Miss Hopkins, "there will be more teams in proportion to each class. If thirty Freshmen sign up for basketball, three Freshmen teams will be organized. And according to this system the teams will compete with each other for first, second and third places in the final inter-class schedule. These teams will be handled by the student management plan, and will take care of the large number of girls interested in basketball, who had to be turned away last year."

Hockey Arouses Interest

The same system will be used on the hockey green, and with well-trained material to draw from it is hoped that hockey will be made a major letter sport in the fall. Matches have already been scheduled with several first-rank schools, and the general aim for the season is to challenge teams on a par with the Hatchet six, and to eliminate all prep school competitions.

Tennis, boasting at present a record team that has lost only a few matches in the past three years, and a perfect book of wins for this spring season, is looked to as being one of the leading sports next fall. More inter-collegiate contests and a general strengthening of the team is the plan with fall singles and doubles tournaments to lead off the season. Tennis has been included in the athletic budget and this support is expected to do much in making it a leading campus sport.

Stiff Basketball Schedule

The basketball team is also attempting to eliminate as much prep-school competition as possible, and to match themselves with first-rank college competitors. "An item of special interest," says Miss Hopkins, "is the adoption of a new uniform for the team." No description was forthcoming as the team is planning to surprise G. W. spectators at their first winter match.

An appropriation has also been allowed for swimming, which will permit an extension to six weekly water meets with special classes included for life saving and some evening classes for night mermaids. It is whispered that swimming may be made a letter sport if enough interest is shown in it, says Miss Hopkins. A team will, at least, be organized and inter-collegiate challenges are being planned.

Rifle Begins Early

Rifle practice will begin sometime in November with matches probably scheduled for January, February and March, practice for amateurs lasting through that time. The practice schedule, according to Katherine Shoemaker, next year's captain, will probably include time for night students if an assistant can be procured to take charge of the night shooters. Special interest is being shown in this as evening students have been anxious for an opportunity to prove their marksmanship.

"Elimination of elimination," is the general aim of next season's plans as summarized by Miss Hopkins. "My purpose," she states, "is to get women's sports to everyone interested, and to save them from being monopolized by a few selected and well-trained students. We need these teams, but we also need athletics for the mass of students." She concludes by including in her plan a general elimination of prep-school contests and by an aim to make all inter-collegiate challenges with first-rank schools.

SWISHER HISTORY FUND COMPLETED IN SPECIFIED TIME

Five Hundred Dollars To Be Used To Establish Alcove In Library

OTHER BOOKS TO BE ADDED

Dean Hodgkins Accepts Gift Fund At Presentation Ceremony June Second

"Over the top" is the report of the Swisher Testimonial Committee, appointed by the History Club a little more than one year ago to provide a suitable testimonial to the more than thirty years of loyal and inspiring service of Doctor Charles Clinton Swisher, Professor of History. The amount fixed as a tentative goal was five hundred dollars. That amount has been subscribed and is now in the hands of the treasurer of the committee.

The proposed form of the testimonial is an alcove of history books in the university library, identified by an appropriate bronze marker, and by a large framed photograph of Doctor Swisher. It is hoped to make this alcove the nucleus for an ample and a comprehensive history library. It is expected that the history students of the university will continue to add to the collection and to see that it is kept abreast of the best current publications. Contributions are still being accepted and can be included in the original presentation or added to it in the future.

Gift Presented

Presentation of the amount collected to the University took place on Wednesday evening, June second, at eight-thirty o'clock, in Corcoran Hall. The program included addresses by Edgar Graham, chairman of the Testimonial Committee, and by former pupils of Doctor Swisher, who are now members of the history faculty. Dean Hodgkins accepted the gift on behalf of the university. Miss Ora Marshino, president of the History Club, presided. Music was rendered by the double quartet of the Glee Club, and the program was followed by a reception in Corcoran Hall.

Members of the committee which conducted the campaign are: Edgar Graham, chairman; A. L. Russell, treasurer; Dominic L. Pucci, Ora Marshino, Ildria Bridges, and Anna L. Ericson.

The History Club's annual banquet first scheduled for Wednesday evening, was held on Thursday evening, June third, at the Grace Dodge Hotel, at seven o'clock. A novel and interesting program was presented in addition to the usual after-dinner talks. Guests of honor this year were the members of the history faculty of the university, whose cooperation and asistance during the current year has been deeply appreciated by the officers and members of the History Club.

SENIORS, ATTENTION

There will be an important meeting of the members of the graduating classes of all colleges Monday evening at 8 P. M., in Corcoran Hall Room 1. The purpose of this meeting is to enable all contributors to the Senior Endowment fund to sign the engraved resolution which will be presented to President Lewis. The Board of Administrators for the fund will be elected.

PAINTING LOANED FOR HISTORICAL EXHIBITION

The large painting by Henry Bacon of "General Gage and the Boston Boys" which hangs in Corcoran Hall, has been loaned at the request of the Pennsylvania Academy of the Fine Arts for their coming Historical Portraiture Exhibition, to be put on in its galleries from June 13 until October 10 in connection with the Sesqui-Centennial Exhibition.

The picture is considered unusually fine and is an object of much interest in the University buildings.

BLUE KEY SOCIETY NAMES MEMBERS

Sophomore Club to Enforce Freshmen Rules; Announces Roster

DRAW UP REGULATIONS

Ray Edmonston is Elected President; To Adopt Insigna For Members Soon

The organization of the Blue Key Club, the Sophomore Society to enforce Freshman regulations and instill a spirit of class unity in the University, is completed. Meetings are being held and plans are being laid for next year.

At a meeting on Tuesday, May 25, officers for the season of 1925-1926, were elected. Ray Edmonston, who also is president of the Freshman Class, was elected president; Charles E. Baldwin, vice president; Dan Boone, secretary, and Ware Adams, treasurer. These officers will all be in town this summer and will continue to hold meetings with those of the other members who are also here.

The insignia of the club, which will probably be a Blue Key on a gold background, to be hung as a pendant on the watch chain, is at present in process of selection. Recognition signals and calls will undoubtedly also be adopted, and a ritual for the initiation of succeeding members drawn up.

At a meeting last Thursday night, a constitution modeled to a great extent on those of other Key Clubs throughout the country was presented and adopted. Tentative Freshmen regulations were also made. These regulations, while not onerous or unreasonable impose definite restrictions and requirements upon all Freshmen which must be lived up to. A few rules to be implicity followed—this is at present the scheme of the Blue Key Club.

The club, in its membership, consists of those of the Freshman Class who, by virtue of their leadership in student activities, seem capable of directing freshmen activities for the coming year. Thirty-five of these are to be chosen each year by the retiring members for next year's club. Twenty-seven men have already been selected and eight more will be chosen to complete the roster. The names of the present members follow:

William Ware Adams, Oscar C. Berry, L. D. Jenson, Fleming Stevens, Thomas L. Smith, Norman Benzing, Gore Werber, Curran De Bruler, Jerry Sickler, Ben Detwiler, Lawson Romjou, Ray Edmonston, Dan Boone, Glen E. Curtiss, James B. Bradley, David Lyon, Harrison Somerville, James Fleck, Fred W. McGahn, Don Eberly, Tom Marshall, Bill McReynolds, Charles Baldwin, Tom Bentley, Bill Weigel, Walter Ogus, John F. Marquis.

NEW LOAN FUND GIVEN TO G. W. U. LAW SCHOOL

A new loan fund for use of deserving students of George Washington University Law School has been established by Col. Gordon Strong, president of the Chicago-George Washington University Alumni Club. The fund is to be known as the Henry Strong-William A. Maury scholarship fund.

Details of the administration of the fund will be announced in the near future. The list of endowments to the University, already large, has steadily increased during the past few years.

DEAN MILLER HONORED BY LEWIS AT LUNCHEON

President Lewis entertained at a luncheon in honor of Dean Hugh Miller at the Cosmos Club on Saturday, May 29th. Among those present were Dean Hodgkins, Dean Van Vleck, Dean Borden, Dean Wilbur, Dean Ruediger, Dean Henning, Prof. Kayser and Mr. Holmes.

Dean Miller, who is leaving George Washington in the fall to take up his new duties at Union College, was presented with a handsome cane as a token of esteem from his colleagues.

CAMPUS TENNIS COURT IS READY FOR PLAYERS

The tennis court, under construction on the back campus since early spring, is nearly completed, according to a recent announcement from Dean Rose's office. It will be ready for use probably with the opening of summer school, as the net and marker are expected at any time. The court will be opened to all students who care to play on it.

Reporter Attends Faculty - Pyramid Game, but only in Land of Dreams

Game Ends With Riot in Ninth Inning When "Prexy" Lewis Hits Batter In Solar Plexus With Ball and K. O's Him

By JOE D. WALSTROM

The Hatchet reporter who was detailed to cover the Faculty-Pyramid baseball game at the Ellipse on Tuesday, June 8, decided that he had better play safe by writing the story beforehand, so after eating a hearty repast at the University Cafeteria and then going to sleep, he is able to relate the following nightmare.

By three o'clock the bleachers were filled with students and relatives of the players. The former came out of curiosity; so did the latter. In accordance with the honor system, all those present were required to park their books, vanity cases and detachable cuffs in one pile, which was closely guarded by a cordon of proctors. After several selections by the Men's Glee Club the game started, and thus the afternoon's program passed from bad to worse.

It is sad to relate, but there was one regrettable incident which threatened to block the game. It had been rumored in local baseball circles that "Prexy" Lewis would pitch for the Faculty, but when he started toward the mound he was accosted by none other than Manager Doyle, who also entertained ambitions of twirling. What would have been a fistic encounter was averted by a hasty faculty meeting, in which it was decided that "Prexy" would pitch, as Senor Doyle would doubtless be invaluable in the field on account of his speed and agility.

Henry Connects

The first up to bat for the Pyramiders was the sylph-like Henry James. "Prexy" shot over a fast one, but it didn't worry Henry. He managed to connect with it, and the pill went soaring over the fence. The outfield, Doyle, Miller and Ragatz, all started after it, but by the time they had located the ball, Henry, in his moment of excitement, had gone around twenty-seven times.

Next up at bat was Guy Hottel. The umpire called the first ball a strike, and Guy, being Irish, stalked toward the umpire, bestowing upon him certain choice epithets which one does not hear in the Sunday School we go to. "Bobby" Bolwell, the short-stop for the pedants, finally managed to appease the wrath of Guy by telling him a funny story. The first to bat for the Faculty was "Louie" Kayser, but the smoke from his El Ropo was so offensive to the catcher that he was sent to the showers, and was succeeded at the bat by "Gil" Hall. This hectic inning finally closed, with the Pyramid boys two runs in the lead.

Up to the fourth inning nothing much happened, but during this inning the Pyramid third baseman, Bob Harmon, started singing "Dried Apple Pie"; for no reason at all. "Doc" Anderson, who was on third, waiting for someone to bring him in, tried to slide home in order to get away from Harmon's singing, but was unsuccessful in his attempt. From then on until the seventh inning the pitchers on both sides were inspired by something (we don't know what) and allowed no hits.

Perry Fans

Art Perry was first up to bat for the Pyramiders in the eighth inning, but he fanned out because he was thinking about what kind of car he was going to buy out of his Cherry Tree "salary". Then "Bullseye" Stokes plastered one into the outfield. El Senor Doyle made a long reach for it, but it was too high, and he had to leave it to "Lowie" Ragatz to jump for.

"Clint" Croissant, the erstwhile bat boy, was asleep on the job and gave "Maud" Crum a cracked bat, but "Maud" was fanned out by Youngman, the second pitcher for the Pyramids, so we just won't say anything more about the bat boy's oversight.

When the ninth inning began the score was tied. The spectators were becoming restless, and even a policeman could see that the mob spirit was swelling within their breasts. They had come to see an exhibition of real baseball, and now wanted their money's worth. (They spent eight cents for carfare, and one must watch each and every cent if one expects to get ahead in the world, must not one?) At this juncture "Prexy" hit the batter in the solar plexus (with the ball, of course), and this was the signal for the enraged bleacherites to pour out on the field. At this point the hue and cry became so great that the Hatchet reporter was awakened from his nightmare, so it's hard to say how the game came out.

PHI SIGMA KAPPA WINS FRAT TITLE

Defeat Sigma Chi In Title Game By Close Score Of 8 to 7

PHI SIGS GET EARLY LEAD

Sigma Chi Scores Later In Game But Cannot Overtake Opponents

Phi Sigma Kappa won the fraternity baseball championship of George Washington University, defeating Sigma Chi by the close score of 8 to 7 in the final game of the fraternity series played at the Ellipse, May 30. Sigma Chi and Phi Sigma Kappa were first, respectively, in Leagues 1 and 2. Phi Sigma Kappa has won every game played and Sunday's defeat was the first for Sigma Chi.

Phi Sigma Kappa won the game in the first two innings, scoring six runs in the first and two in the second. They were unable to send another man across the plate. Sigma Chi did not start to score until their opponents were all through, getting their runs in the third, sixth and seventh innings.

Murphy Gets Double

Sigma Chi batted first and the first three men up made the three outs. In the Phi Sigs' half, Jimmy Murphy hit the first ball pitched for a double, Walker flied out, Gary singled, putting Murphy on third, from where he scored the Phi Sigs' first run on an error on Long's infield tap. Phi Sigma Kappa batted clear through the lineup in the first inning, scoring six runs on four hits, a base on balls and three errors.

In Sigma Chi's half of the second inning they drew two bases on balls, but were unable to score. Phi Sigma Kappa scored two runs on three hits, two errors and a base on balls.

The feature of the third inning, and an outstanding play of the game, was Hammond's triple with two men on the paths. In this inning Sigma Chi turned three hits and two errors into four runs. In the last half, Russell struck out the first three Phi Sigs that faced him.

In the fourth inning both sides were retired with only three men going to bat for each team.

Sigma Chi Scores Twice

In the fifth Sigma Chi scored two runs on a single hit and two errors. Phi Sigma Kappa sent only three men to the plate in the second half, and they were speedily retired.

Sigma Chi scored once more in the sixth on two bases on balls and two stolen bases. For Phi Sigs, Walker got the only hit, but he was forced out and the side was retired without scoring.

In the first half of the seventh Sigma Chi used Frederick as a pinch hitter in a final effort to catch Phi Sigma Kappa, but he struck out. Alder flied out to Baker. Russell hit a high fly, which the fielders bowed over and allowed to drop to the ground, but he was out trying to stretch it into a double.

On May 23, Sigma Chi defeated Sigma Nu, 2 to 1 in the morning and Sigma Alpha Epsilon 7 to 1 in the afternoon to win the title in League 1. Russell pitched both games. This gave them the right to contest the fraternity championship with the Phi Sigs, who had finished their schedule the week before.

SENIORS FOUND MEMORIAL FUND

Building Endowment is Goal of Graduating Class of 1926 of University

MANY PLEDGES SIGNED

Engraved Resolution To Be Framed And Presented To President Lewis

Following the custom now prevalent in many of the large universities, the graduating class of 1926 is establishing an Endowment Fund as a class memorial which will be of the greatest possible benefit to the University and to the future students of George Washington.

The Graduate Endowment Fund will enable any senior to voluntarily sign a pledge to pay a specified sum in small annual installments. By this convenient arrangement, payment can be made in such a way that no hardship will be worked for the contributors. The fund, which is being handled by a committee composed of Gilbert Ludwig, chairman; Professor A. F. Johnson, representing the alumni, and Henry H. James, will be handled by one of the best banks in the city. The money raised will be invested at a good rate of interest.

The fund is to be used for "the erection of new buildings, the purchase of new building sites, the maintenance of buildings and equipment, and the purchase of new Library, laboratory, and classroom equipment."

To Present Resolution

An engraved resolution, stating the object of the class in founding the memorial, and signed by all subscribers to the fund, will be framed and presented to President Lewis. The Committee has drawn up a constitution and set of by-laws, which are to be followed.

All financial matters pertaining to the memorial have been carefully checked with the Treasurer's office and prominent bankers of this city.

The fund has been well supported up to the present time, and the committee hopes to achieve a subscription of 100 per cent before long. The minimum subscription is $100, to be paid in ten yearly installments of ten dollars each. Cash contributions of any amount will be accepted.

The officers of the various classes feel that greater benefit to the University will result, and the ideals of the graduating class will be better expressed by the establishment of a memorial of this nature, instead of the customary tablet or gateway.

BOARD OF TRUSTEES HOLDS ANNUAL MEETING

The annual meeting of the Board of Trustees of the University was held Wednesday afternoon in the Council Room in Corcoran Hall. Mr. John B. Larner was re-elected Chairman of the Board, Colonel Archibald Hopkins, Vice Chairman, and Mr. Harry C. Davis, Secretary.

The results of the alumni vote for Trustees were announced, Mr. John B. Larner and Mr. John Joy Edson being returned as Alumni Trustees for a three year period.

MEDICAL SCHOOL TO BE IMPROVED

Over $5,000 To Be Expended This Summer on Museum And Laboratory

GET NEW HEART TESTER

Only Six Such Instruments in City; Five Internes Complete Year at Hospital

Over five thousand dollars will be expended this summer at the Medical School in a series of improvements now under way which will double the existing Museum space and completely remodel and re-equip the Physiology laboratory.

Plans drawn up by Dr. Leslie H. French, professor of Physiology, and approved by Dr. George B. Roth, head of the department of Physiology and Pharmacology, have been submitted to the Board of Trustees calling for the expenditure of $3500.00 to provide a demonstration amphitheater on the fourth floor, together with a complete remodeling of the Physiology laboratory and the installation of new and modern equipment.

The new equipment is expected to increase and promote research of a high quality similar to that in the Chemistry laboratory. The latter was installed last summer with the latest and best equipment. Since then five articles have been published in the Journal of the American Medical Association, Journal of Biological Chemistry and Journal of Laboratory and Clinical Medicine, due in a great measure to the work of Dr. Joseph H. Roe, head of the department of Chemistry.

Room for Library

What is known as Hall two, in the Medical School, is being reduced to half its original size, since that is all that is necessary to accomodate the classes, and the other half remodeled to house the Library.

The space the latter will vacate on the second floor will be devoted to Museum displays with special displays being arranged in anatomy by the department of Anatomy under Dr. George B. Jenkins.

Among recent installation to aid in the study of Medicine are the increased facilities in X-Ray and a new electrocardiograph. The electrocardiograph involved expenditure of $1,500, which together with the special room which had to be fitted up for it, ran it close to $2,000. This machine is of the latest type, and had to be ordered from Hindle Scientific Apparatus Co., of New York, the only concern in the country which makes it.

April Big Month

There are only about six such devices in Washington. It is the last word in the diagnosis of heart disease and heart irregularities. It is available for both private and dispensary patients, and in laboratory work.

April, according to records recently completed, was the largest month on record in the history of the Hospital for number of patients treated. Over 250 private patients were cared for and over 600 dispensary patients treated.

Senior Nurses have taken the District of Columbia State Board examination and hope to get as good an average as in the November examination when they topped representatives from every Nurses' School in the District.

Five internes have completed their year's work at the University Hospital. They are: Doctors C. B. Annuario, G. W. Creswell, Katherine Chapman, T. D. Lee and A. B. Schilling.

NEW EDITORIAL BOARD APPOINTED FOR HATCHET

(Continued from page 1.)

fraternity. Campbell Starr has been reporter, Men's Sport Editor and News Editor on the Hatchet for the past year. He is a member of the G. W. Press Club and is business manager of the proposed Ghost.

Last year when the board was organized a managing editor was provided for, who is the executive of the board in news and editorial matters, and a business manager, in control of business and financial matters. Other members of the board are given such duties as the board itself determines.

Subordinate to the managing editor are assignment editors, news editors, and such other editors as the board decides to appoint.

Subordiate to the business manager are three assistant business managers in charge of solicitation of advertising, the distribution of the Hatchet, and auditing of accounts, respectively. The assistant business manager in charge of accounts, under supervision of the business manager, keeps accounts of the financial condition of the Hatchet.

Stated weekly meetings of the board are held throughout the academic year.

An Advisory Board was created last year, consisting of the chairman of the Publications Council, and of the instructors in journalism, who have the right to attend all meetings of the Board of Editors in an advisory capacity.

Any member of the board or the staff may be removed at any time by the Faculty Committee on Student Activities, on recommendation of the chairman of the Publications Council, or of the student's Dean.

SUCCESS IN YEAR'S ACTIVITIES LAUDED IN CHAPEL SPEECH

President Lewis Gives Resume Of Year in Address Before Final Chapel

PROGRESS IN ALL LINES

Activities Are on Constantly Higher Plane And More Take Part, Says President

At the final Chapel service of the year, held the Friday before examination week, President Lewis gave a resume of the work of the University during the past year, and outlined plans for the future.

In expressing satisfaction over the increasing number of students who are participating in the various extra-curricular activities, President Lewis said, "The answer to the success of student activities lies in the fact of whether or not there are constantly more students participating in the various fields."

During the past year football, basketball, rifle, track, tennis, and in addition intramural baseball and bowling, have held the stage in athletics. Last fall the football team lost only two out of the ten games played. Forty men were out for varsity basketball, an increase of eleven over 1924. The work of the team was most creditable.

Rifle Team Scores

This year the rifle team has distinguished itself by winning the inter-collegiate championship of the United States. In this branch of inter-collegiate sport the university has made a remarkable record for a number of years. Thirty men were out for track as against twenty-five during the year prior. One hundred men participated in the interclass track meet. The tennis team has done excellent work, forty men having participated in this sport.

There has been a steady development of interfraternity athletics, ninety students participating in basketball, one hundred and ten in baseball, eighty in tennis and eighty in bowling.

During the year the Faculty Committee on Student Activities adopted the one-year rule for varsity athletic teams, both men and women. This rule becomes effective for all sports September 1, 1927.

Girls' Athletics Grow

Great progress has been made during the year in women's athletics, under the leadership of Miss Virginia Hopkins. In addition to the regular varsity teams there have been many class teams and successful work has been done in the gymnasium classes. The girls' varsity basketball team won five out of eight games played. The girls' rifle team made a remarkable record in the inter-collegiate championship contest, and a short time after that contest closed, in a shoulder to shoulder match, defeated the University of Maryland team which won the championship in the inter-collegiate contest. Approximately six hundred girls have participated in some form of athletics this year.

The University publications have shown constant improvement, the Hatchet this year being run by the new board of editors, and the Cherry Tree being handled as a separate venture.

Strong rivalry among the four dramatic clubs has contributed to the remarkable progress shown in that field. The second dramatic festival, culminating in the presentation of the Phi Delta Gamma cup to the Troubadours for their musical comedy, "Just a Kiss," was an outstanding success. More than two hundred students have participated in dramatic presentations.

Success For Glee Clubs

The Men's Glee Club and the Women's Choral Society have had a most promising season. The Men's Glee Club has given twenty-one concerts and the University Four has had fifteen additional appearances. The annual glee club concert was successful both socially and financially. The Women's Choral Society has had twelve concerts, and in addition appeared for a week at the Rialto Theater.

The Men's Debating Team won four out of seven regular inter-collegiate debates, including the debate with Oxford University. The Women's debate squad won three and lost two debates.

Next fall a debate with Cambridge University will be held in the gymnasium, and the following spring it is hoped to send a team to England to debate Cambridge and Oxford.

In closing his resume, President Lewis said, "There can be no question, after a review of this kind, that student activities are on a constantly higher plane, and that there is a larger number enjoying their advantages. This justifies the enterprise and also justifies our belief in the fine spirit and morale of the student body.

"An institution does not stand still. It either goes forward or backward. We know that the movement of George Washington University is forward, and that during the coming year we can look for still greater advances in the field of scholarship, in the strengthening of standards, in the achievement of student activities, all those things which are part and parcel of life of a fine educational institution."

Come In and Be Beautiful!

Our slogan tells it all, and to acquaint the students with our superior work we will give a 10 per cent discount to any of them presenting this ad during Commencement.

MABEL GASKINS BEAUTY SALON

843 17th St. N. W. Franklin 8500
